VP of Marketing at EasyLlama

Lawrence

VP of Product

Andrew

Talent and People Generalist at
EasyLlama

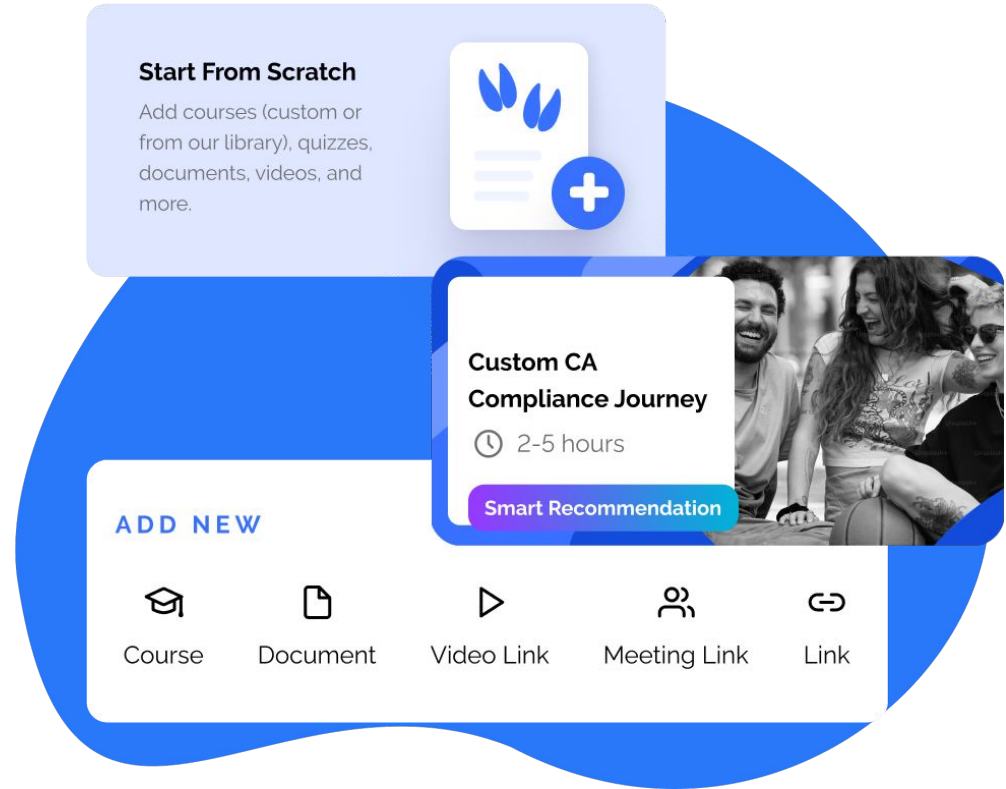

What to Expect

What You'll Walk Away With

- Best practices for building modern learning experiences that are engaging and effective
- A live demo of EasyLlama's updated Course Authoring and Learning Journeys Tools with EasyLlama's VP of Product
- A conversation with Andrew from EasyLlama about how he using the Course Authoring and Learning Journey Tools

Create **learning experiences** that match to how people like to learn.

Employee Learning Model

Accelerate onboarding, increase employee productivity, and operate more efficiently.

Company Onboarding

Onboard every new hire with the right information and documentation. .

Job Training

Design custom and personalized onboarding paths for each employee.

Employee Enablement

Create training and enablement tailored to each job function and role.

How to Create the Right Learning Experiences

Easy – intuitive tools to reduce complexity

Efficient – build once, assign at scale

Engaging – scenario-based learning + clear roadmaps

Effective – sequential learning for accountability

Enjoyable – relatable, modern experiences learners actually want to complete

ANYONE in your company can you build training and learning experiences with the LMS

What's New In the EasyLlama LMS

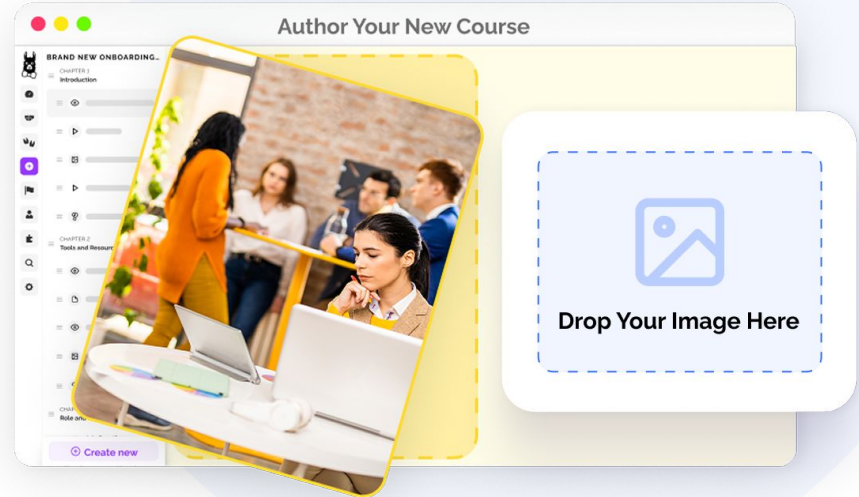

Exciting, AI-powered product enhancements, built to maximize Learner engagement and improve learning outcomes.

Course Authoring Tool Enhancements

Dynamic training experiences that inspire Learner engagement

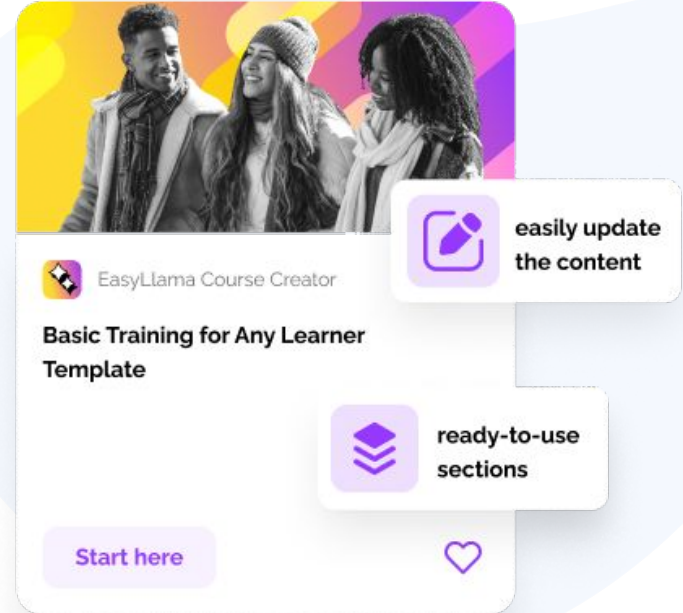

- Faster and easier course creation and publishing
- Ten new slide templates, including our popular card-flip, phone call, drag-and-drop folder match, and email!
- Re-generate course slides based on your own prompt
- “Undo” and “Redo” so you can be more free to create
- A new AI-powered Scenario template allows Learners to engage - and be coached - in an interactive setting!

Learning Journeys Enhancements

Dynamic training experiences that inspire Learner engagement

- Structured, fully-customizable multi-course paths
- Sequential progress gating, and Minimum Score Requirement
- Advanced elements for more dynamic, tailored and personalized training for any Learner - add video, links, knowledge checks, or even documents requiring signature!
- A brand new AI Course Collection template is ready to go!

Demo Time!

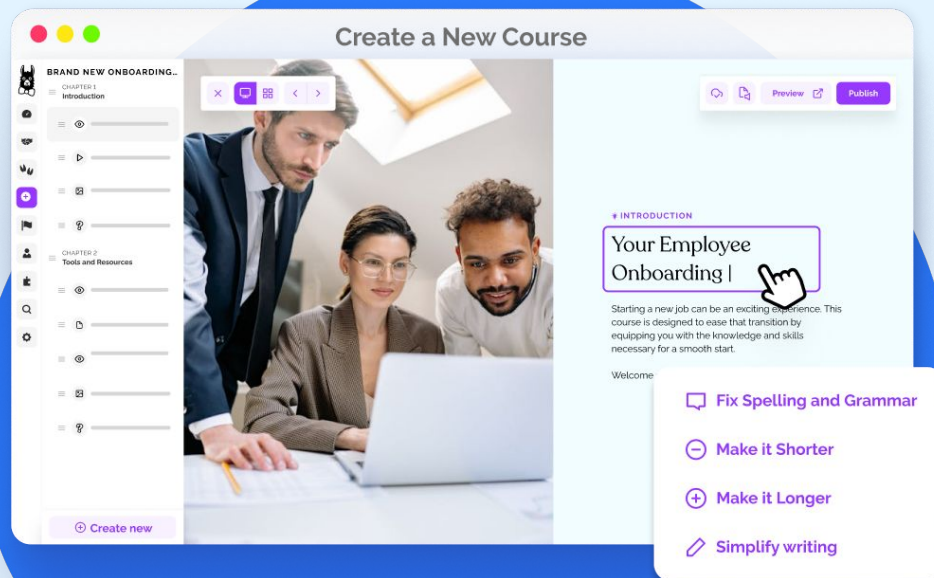

ANYONE in your company can you build training and learning experiences with the LMS
